

EPMAC

***TPP&H Program
Management
Department
EPMAC, Code 48***

Mission of TPP&H

- Program Manager/Central Authority for the TPP&H pipelines.
 - Provide daily oversight of TPP&H execution, tracking, policies, and process improvements to the TPP&H program.
 - Provide placement action for all personnel in a temporary limited duty status and pregnant Sailors detached from sea duty and assigned to a special shore duty tour.
 - Expired PG Research
- Ref: BUPERS ltr 7000 Ser N120C of 7 Dec 98

Functions of TPP&H

■ Tracking of:

- Transients
- Patients
- Prisoners
- Holdees
- Pregnant sailors detached from sea duty -

DNEC 0054

- Limited duty personnel - **ACC 105**

T P P H

Transients

- Due to PCS Move
Leave, Travel Proceed Time
- TEM DU
(6 months or less)

Patients

- From Land Based Unit
In a Navy Medical Facility >90 Days
- From Sea Duty
In a Navy Medical Facility >60 Days
or Injuries in a combat area
- Under Treatment
In a Non-Navy Medical Facility

Prisoners

- In Navy Correctional Facility
>30 days, < 6 Months
- In Civilian or Other Military Facility
>30 Days

Holdees

- Separations
Pending Out Processing
Or Adm in Discharge

Accounting Category Codes

Transients

- 320 - For Further Assignment
- 330 - For Further Transfer
- 350 - Not Otherwise defined
- 351 - Failed to Rpt to TEM DU
- 354 - Humanitarian Assignment
- 355 - Awaiting Medical Board Review
- 356 - Sub-Specialty Disqualified
- 400 - Leave, Travel Proceed

Patients

- 370 - At Naval Medical Facility
- 371 - At ENL Medical Hold Facility
- 372 - At Non-Military Facility
- 373 - At Non-Navy Med Facility

Prisoners

- 390 - Disciplinary Status
- 391 - Confined in Military Facility
- 392 - Confined in Non-Military Facility
- 393 - Appellate Leave

Holdees

- 380 - Pending Separation
Discharge, Release, Retirement
- 381 - 380 At Home awaiting final
Disposition
- 382 - Pending Adm in Board Review

Functions of TPP&H

(continue

- ^{d)} The central authority for availability processing and placement of LIMDU and pregnant sailors ordered from sea duty to shore duty.
- Analyze recommendations on policies and proposals affecting TPP&H/LIMDU programs.
- Host annual TPP&H Workshop and participate in other working groups established to review transient or LIMDU processes.
- Track and analyze data.

TPP&H Management Attention

ACC 400

- Daily research & correction of expired PGs

ACC DATA

- Gather data and analyze trends to identify problem areas within the pipelines

LIMDU & 0054 Placement

- Daily availability processing
- Daily placement actions

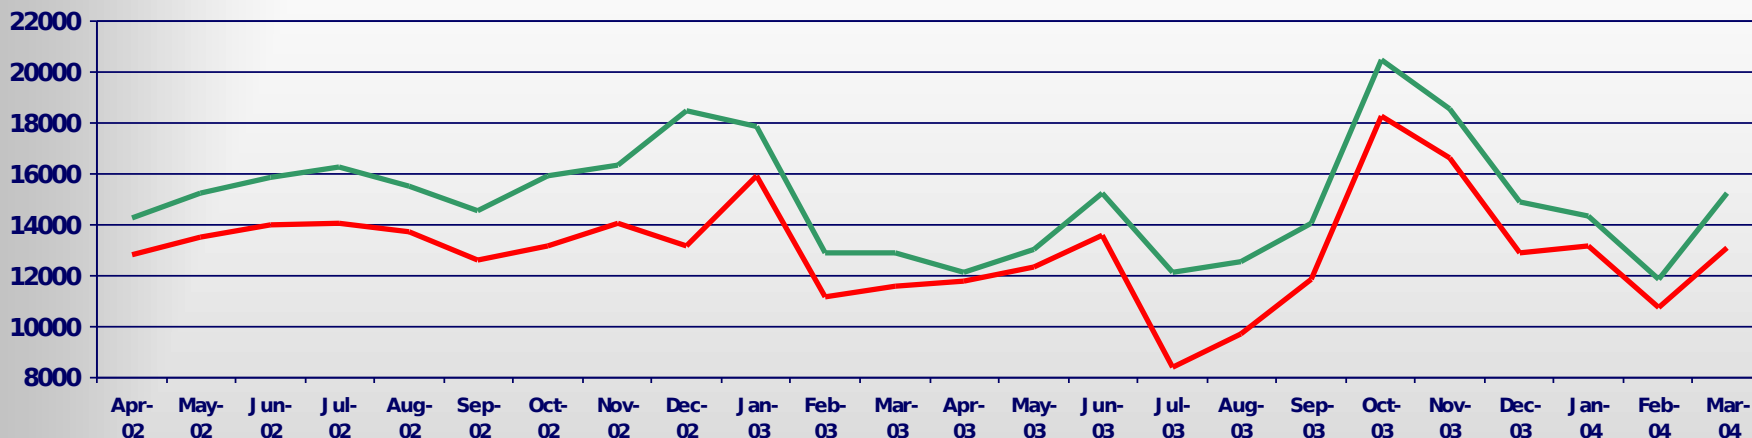

Actions To Minimize TP&H Pipeline

- **Reduce the number of personnel in ACC 320** (pending further assignment) (completed over 18,392 avails/placement actions since September 2001)
- **Correcting NES & OPINS** (corrected over 47,485 expired EDAs/PGs since Sep 2001).
- **Conduct an annual workshop** and brief other seminars to inform, train and educate on the management of transient personnel

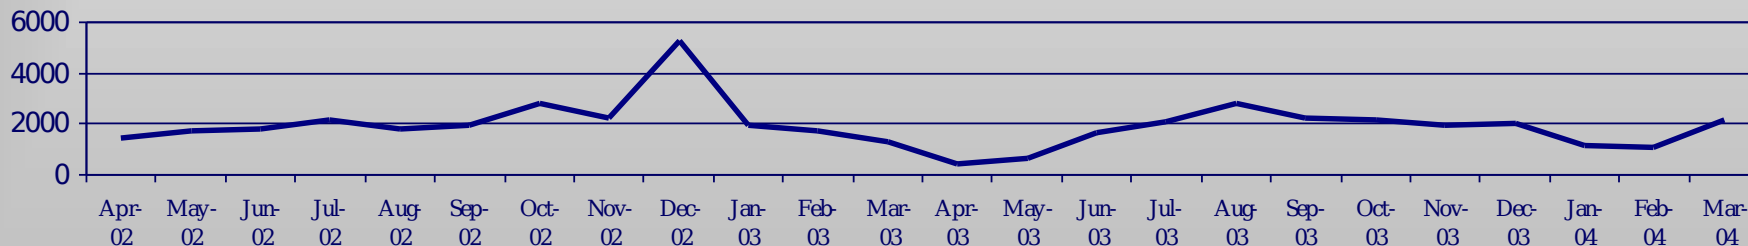

Expired Prospective Gain Actions (Apr 2002 thru Mar 2004)

These graphs illustrate the impact EPMAC's TPP&H Department has in reducing the number of officer & enlisted personnel in an expired prospective gain status.

— Total Transients (ACC 400) — Total Transients (ACC 400) w/o TPP&H Action

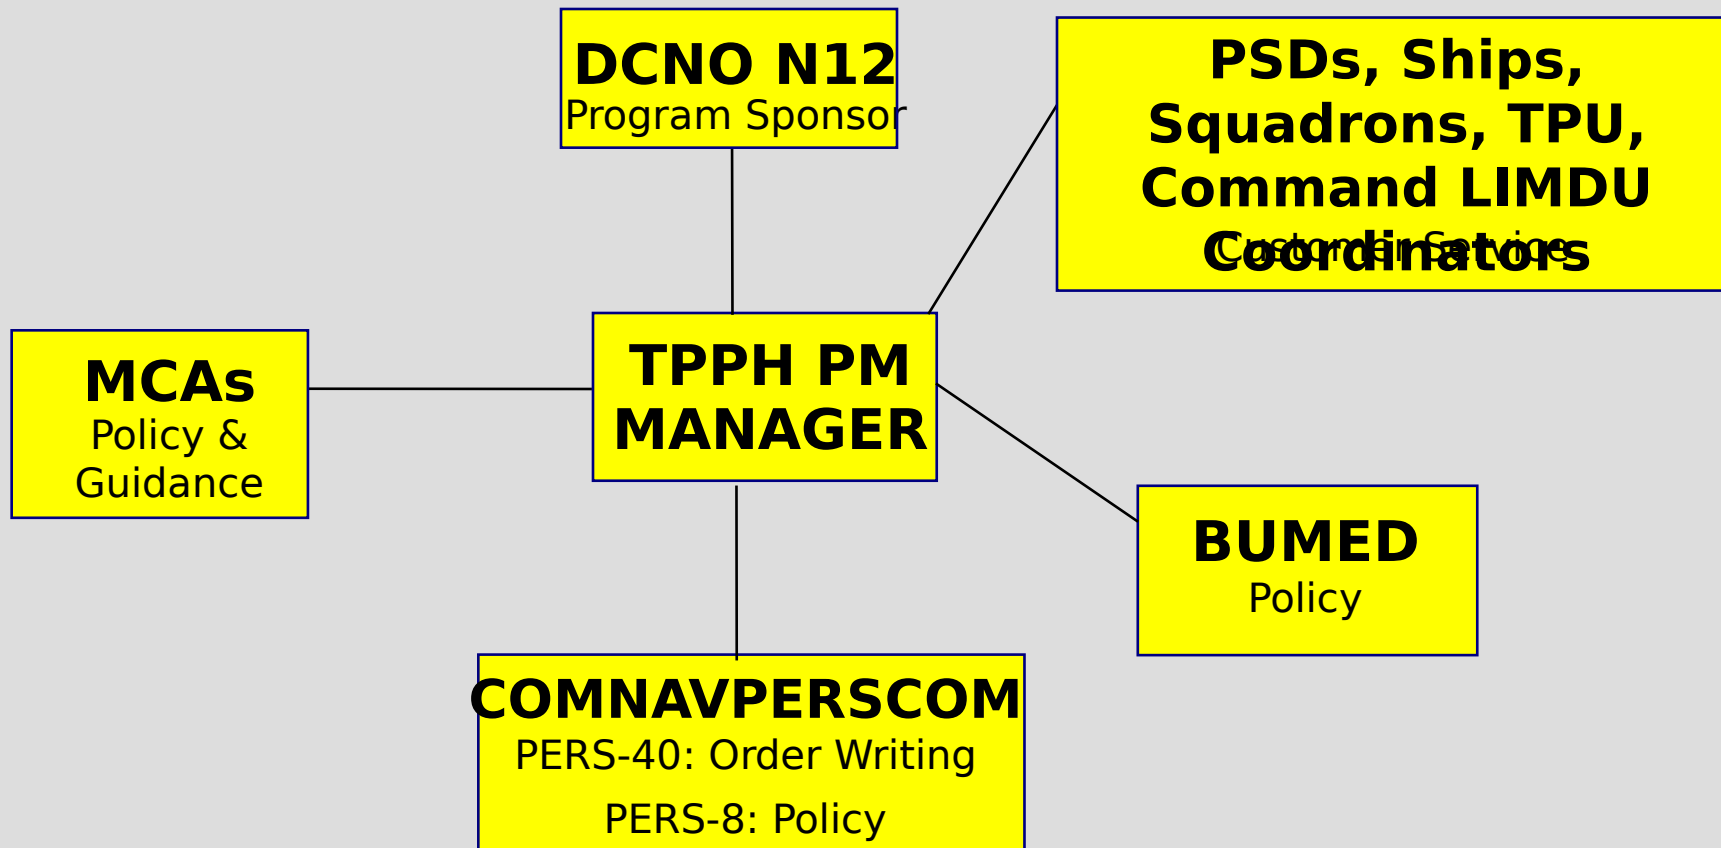

— Expired PGs Corrected

Average: 1,912 corrections a month

TPP&H Program Manager's External Relationships

Importance of TPP&H

Pipeline Attention

- TPP&H pipeline has attention of COMNAVPERSCOM & BUPERS/DCNO
- Concerns:
 - Delays in processing personnel from TEMDU status to a For Duty status
 - Timely & accurate personnel accounting
 - Number of personnel in an expired PG status. Attributed to:
 - » Systemic problems & reporting delays
 - » Inaccurate accounting on part of transferring & gaining commands
 - » Personnel not checking in with the PSD
 - » Number of personnel in Expired PG status that are also expired PLs - 1,450 as of 29 March 2004
- Code 48 corrects average of 1,912 expired PGs each month
- Failed to Report/Declaration of Desertion

The Annual TPP&H Workshop

Specific Goal:

- The purpose of the workshop is to educate; share information, common concerns and problems; and identify areas for improvement.
- Not an action workshop. For informative and educational purposes only.

Participants:

- All policy makers and commands that process transient and LIMDU personnel

Distribution of Navy Wide Enlisted Assets

(Numbers are USN & USNR personnel)

Of 332,154 total enlisted, 11% (38,066) were non-distributable and 2% (6,697) were LIMDU or had DNEC of 0054 on 01 Apr 04.

Total Non-Distributable - 38,066 (12%)
 TPP&H - 13,805 (4%)
 Students - 24,261 (8%)

LIMDUs & DNEC 0054

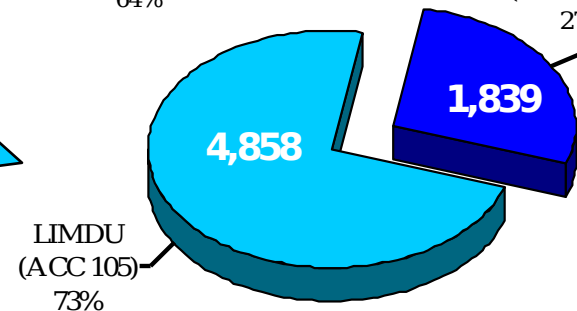

Transients
33%

Patients, Prisoners and Holders
[1,004]
3%

Students
64%

Pregnancies from Sea (DNEC 0054)
27%

Total Distributable - 294,088 (89%)
 (includes LIMDU and DNEC 0054 which make up 2% of the distributable manning)

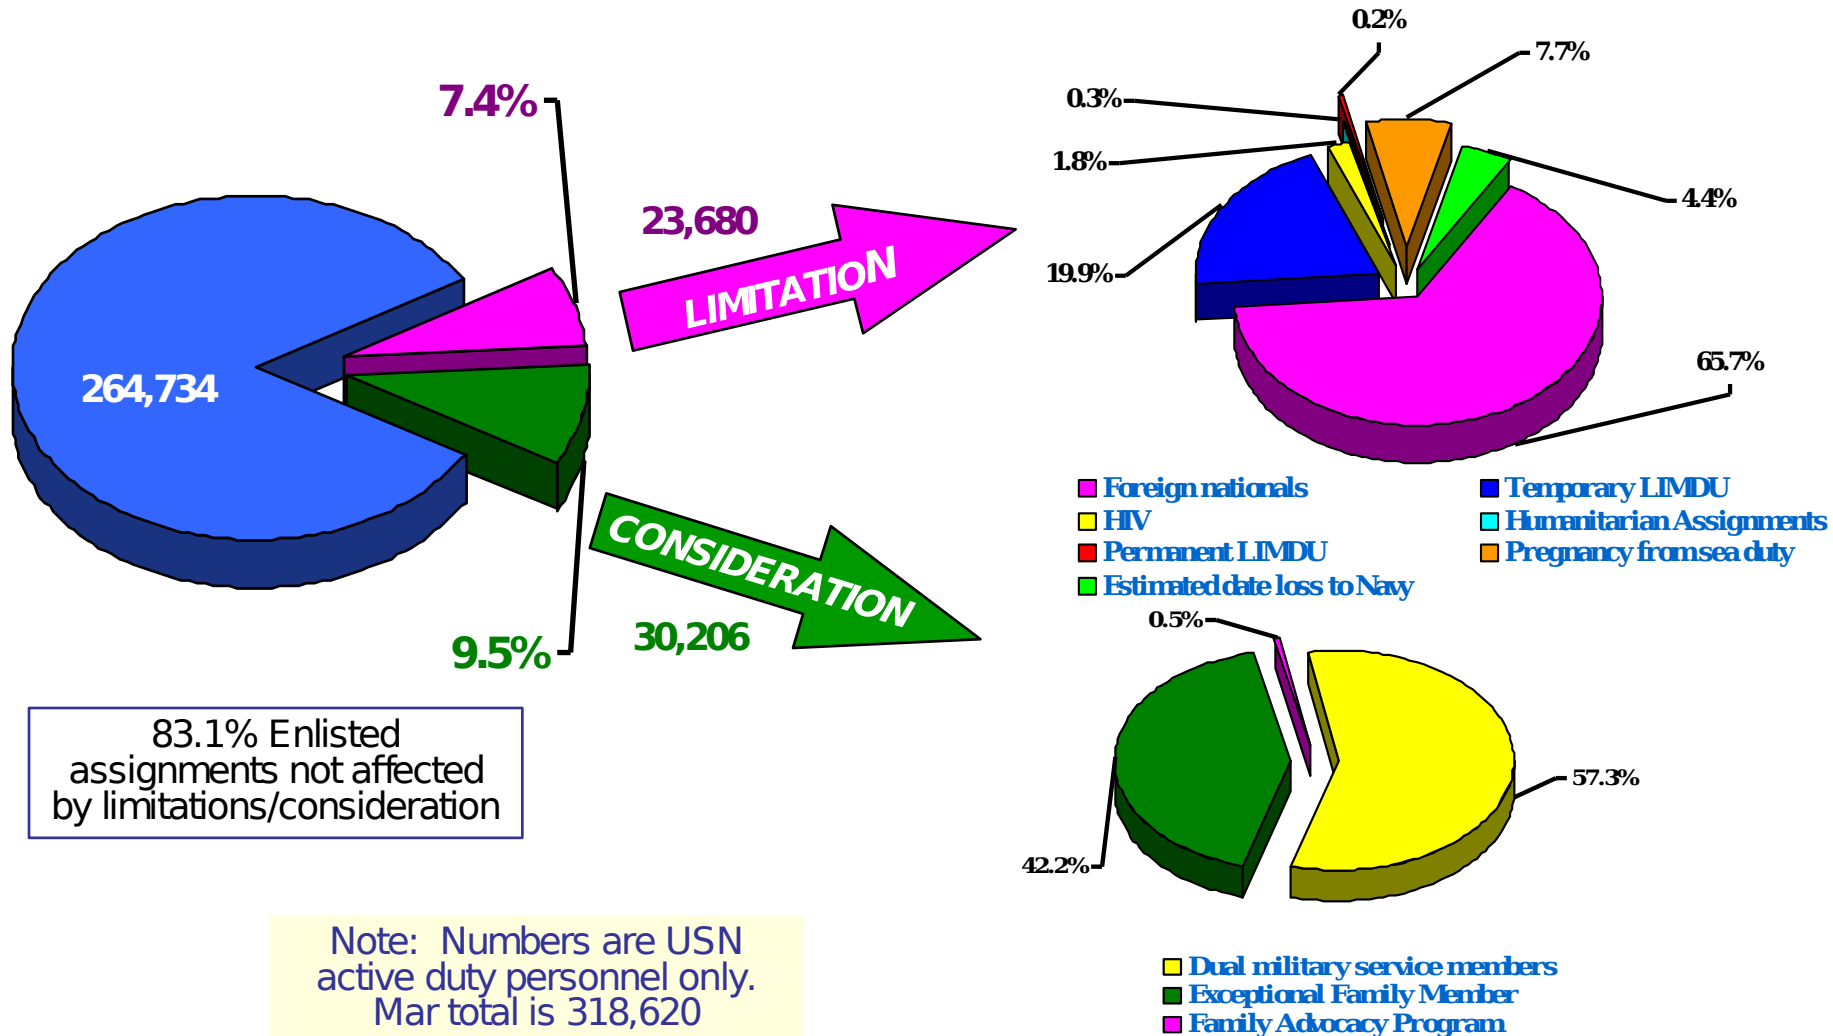

Billets Authorized

Distributable	287,689
Students	26,617
TPP&H	12,930
Total	327,236

*Note: Sailors who become pregnant while assigned to sea duty are assigned to a special shore tour with the DNEC 0054. On 01 Apr 04, there were 35 sailors in ACC 105 that also had DNEC 0054.

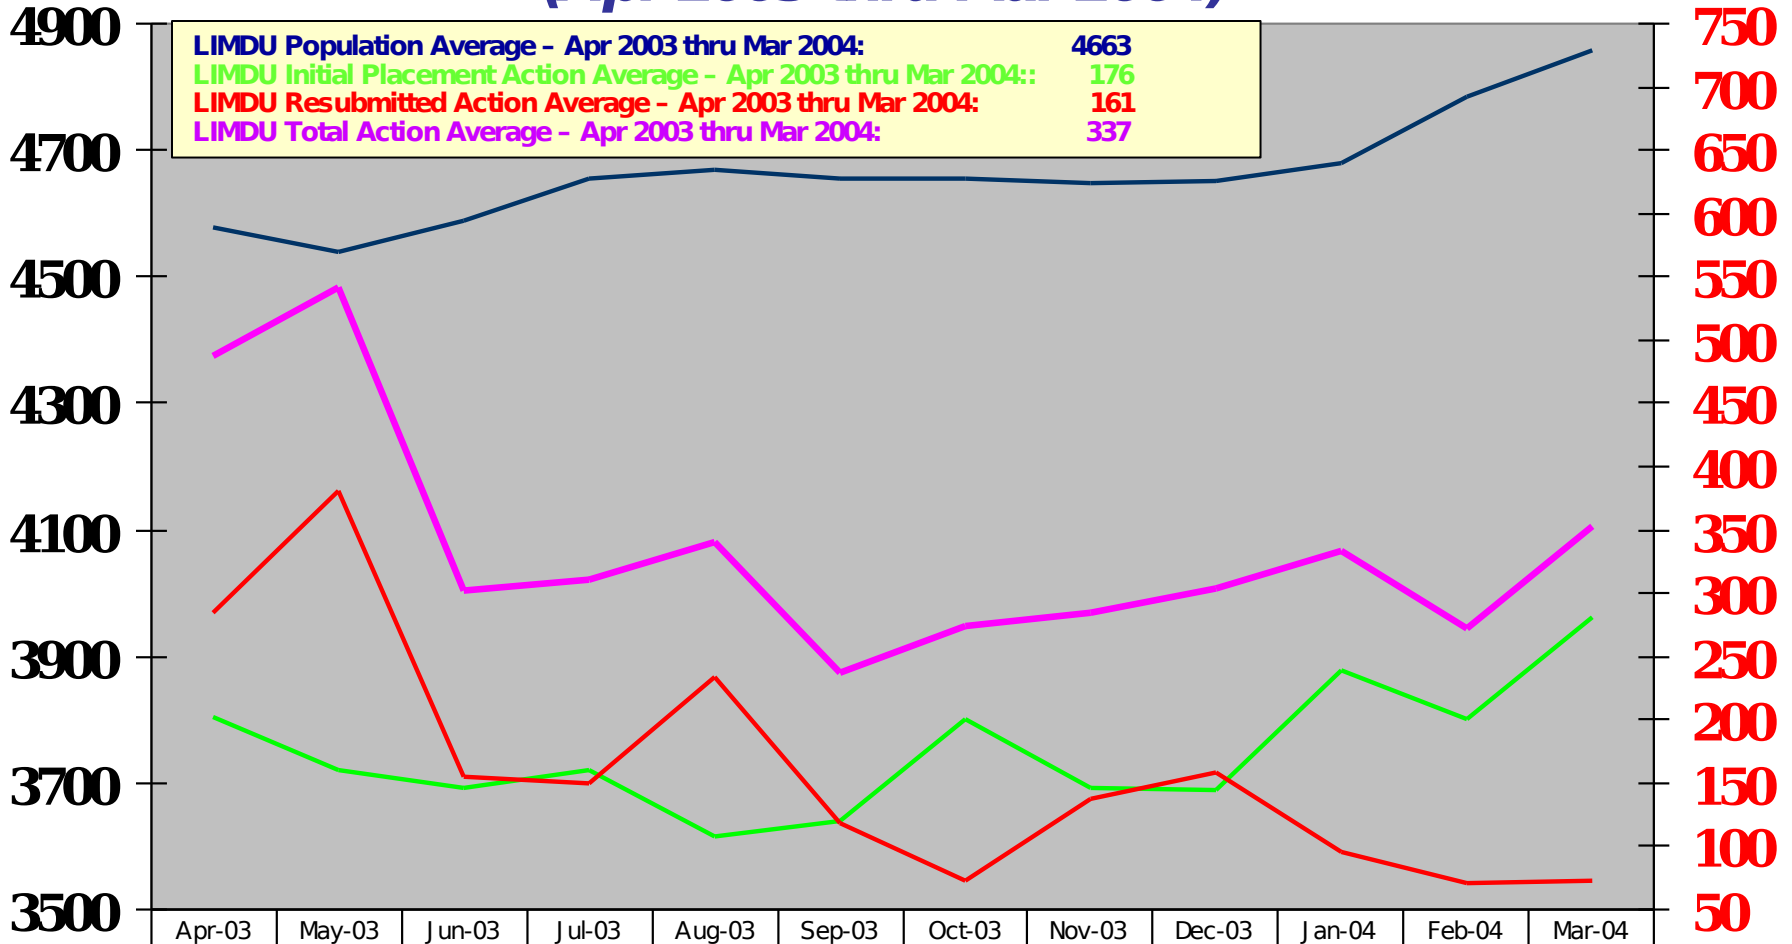

Limitations/Considerations in the Assignment of Enlisted Personnel (USN Only)

In Mar 04, 16.9% of all enlisted assignments were affected by a "limitation" (7.4%), or by a "consideration" (9.5%).

Population & Placement Actions of Limited Duty (LIMDU) (ACC 105) Personnel (Apr 2003 thru Mar 2004)
